

D0429 - Troy

Elementary Wellness Policies

D0429 - Troy is committed to providing school environments that promote and protect children's health, well-being and ability to learn by supporting healthy eating, nutrition education, physical activity and integrated school based wellness. Therefore, it is the policy of D0429 - Troy that:

Policies in Place

Nutrition

General Guidelines

All school food service personnel receive required food safety training at a minimum of every 5 years. Continuing education training for all food service personnel meets federal and state requirements.

All school food service personnel receive required food safety training at a minimum of every 3 years.

All school food service personnel receive food safety training annually.

The dining area has seating to accommodate all students during each serving period.

The food service area is clean, orderly, and has an inviting atmosphere that encourages meal consumption.

The dining area has adequate adult supervision.

The dining area has food service personnel and supervisory staff use positive communication cues with students to promote consumption of foods served as part of Child Nutrition Programs.

The students are allowed to converse during the entirety of the meal time.

Content of reimbursable lunch and breakfast is identified near or at the beginning of the serving line(s).

Kansas food products that are served as part of the school meals program are identified at the beginning or on the serving line.

A Kansas product is served in the school meals program at least one time per week.

Breakfast

All school breakfasts comply with USDA regulations and state policies.

At least three different fruits are offered each week on three different days. At least one fruit per week is served fresh.

Students have the opportunity to eat breakfast.

District offers at least 15 minutes "seat time" to eat breakfast (not including time spent walking to and from class or waiting in line) or Grab n Go breakfast options are available.

Lunch

All school lunches comply with USDA regulations and state policies.

At least three different fruits are offered each week. Two fruits per week are served fresh.

One additional 1/2 cup* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

At least five different fruits are offered each week. Four fruits per week are served fresh.

An additional 1 cup* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

Nutrition

Lunch

Students have at least 15 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

Students have at least 20 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

Students are offered recess before lunch and at least 20 minutes seat time to eat.

All Food Sold in Schools

All foods and beverages sold in schools are in compliance with USDA's Smart Snacks in School "All Foods Sold in Schools" Standards from the midnight before to 30 minutes after the end of the official school day.

All foods and beverages sold in schools are in compliance with USDA's Smart Snacks in School "All Foods Sold in Schools" Standards from the midnight before to 5 pm.

All foods and beverages sold in schools are in compliance with USDA's Smart Snacks in School "All Foods Sold in Schools" Standards 24 hours a day.

No energy drinks are sold on school property from midnight before to 30 minutes after the end of the official school day.

No energy drinks are sold on school property from midnight before to 5 pm after the end of the official school day.

USDA's Smart Snacks in School Beverage Standards for middle schools apply to high school (only 100% juice, water, milk).

Fundraising within the school day meets USDA's Smart Snacks in School "All Foods Sold in Schools" Standards (sans the exempted fundraisers).

Fundraising within the school day and until 5 PM meets USDA's Smart Snacks in School "All Foods Sold in Schools" Standards (sans the exempted fundraisers).

No exempted fundraisers. All fundraisers involving foods or beverages meet the USDA's Smart Snacks in School "All Foods Sold in Schools" Standards.

Fundraising activities involving the sale of food or beverages that meet USDA's Smart Snacks in School "All Foods Sold in Schools" Standards and/or exempted fundraisers will not take place until after the end of the last lunch period.

Fundraising activities support nutrition support nutrition, nutrition education and physical activity messaging.

Other Child Nutrition Programs

Meals and snacks served under the USDA At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program and/or Summer Food Service Program comply with all federal regulations and state policies.

Participate in one of four programs. (At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program or Summer Food Service Program)

Participate in two of the four programs. (At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program, or Summer Food Service Program)

During the School Day

Students have access to free drinking water throughout the school day, including during meal service. Hygiene standards for all methods delivering drinking water will be maintained.

Students are allowed to have clear/translucent individual water bottles in the classroom where appropriate.

Students have clear/translucent individual water bottles in the classroom where appropriate.

District develops nutritional standards for non-sold food and beverages made available on school campus during the school day.

District adopts Smart Snacks in School "All Foods Sold in Schools" Standards for non-sold food and beverages made available on school campus during the school day.

No meals purchased at fast food outlets are consumed at mealtime in cafeteria.

Nutrition Education

Nutrition Promotion

Students provide input on foods offered in the cafeteria.

Students learn about the nutrition requirements for school meals and some students are involved in helping plan menus.

District promotes participation in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) if applicable and to choose nutritious foods and beverages throughout the day. Menus are posted on school website and/or distributed to families via another method.

District implements marketing and advertising of nutritious foods and beverages consistently through a comprehensive and multi-channel approach by school staff, teachers, parents and students .

A student advisory council is formed and meets with a food service representative and school administration twice a year to provide input.

District implements marketing and advertising of nutritious foods and beverages consistently through a comprehensive and multi-channel approach to the community.

District allows marketing (oral, written, or graphics) of only those foods and beverages sold on the school campus during the school day that meet the requirements set forth in the Smart Snacks Rule (Schools are not required to allow food or beverage marketing on campus).

District allows marketing (oral, written, or graphics) of only those foods and beverages that meet the requirements set forth in the Smart Snacks Rule on the school campus during school activities at all times.

District allows marketing (oral, written, or graphics) of only those foods and beverages that meet the requirements set forth in the Smart Snacks Rule on the school campus at all times.

Nutrition Education

All students in grades K-12, including those with disabilities, special health care needs and in alternative education settings, will have the opportunity to participate in culturally relevant participatory activities, as appropriate, and a variety of learning experiences that support development of healthful eating habits that are based on the most recent Dietary Guidelines for Americans and evidence-based information.

Include nutrition education as part of physical education/health education classes and/or stand-alone courses for all grade levels, including curricula that promote skill development.

District uses qualified personnel or organizations from the community to provide nutrition education to students under the direct supervision of a teacher at least once/year.

District uses qualified personnel or organizations from the community to provide nutrition education to students under the direct supervision of a teacher at least once/quarter.

Integrate age-appropriate nutrition education into other core subjects such as math, science, language arts, and social sciences, as well as into at least one non-core/elective subject.

Include nutrition and health posters, signage, or displays in the cafeteria food service and dining areas that are rotated, updated or changed quarterly.

Offer information to families at least once per semester that encourages them to teach their children about health and nutrition, and assists them in planning nutritious meals for their families.

Physical Activity

General Guidelines

All students in grades K - 12, including those with disabilities, special health care needs and in alternative education settings, have the opportunity to participate in moderate to vigorous physical activity at least 2 times per week during the entire school year.

District uses extra physical activity time as a classroom reward.

Throughout the Day

Elementary school students have at least 15 minutes a day of supervised recess (not including time spent getting to and from the playground), preferably outdoors. Supervisory staff encourage moderate to vigorous physical activity.

School policy outlines guidance on conditions regulating indoor and outdoor recess during extreme weather conditions.

Each school provides equipment, instruction and supervision for active indoor recess.

Physical Activity

Throughout the Day

Structured physical activity opportunities, in addition to physical education and recess (where applicable), are encouraged for all students.

Professional development on integrating physical activity into core/non-core subjects is provided to licensed physical education teachers, school nurses, and building administrators.

Structured physical activities are planned by a licensed physical education teacher and integrated into health education and one or more core subjects, such as math, science, language arts, and social sciences, as well as in non-core and elective subjects.

Physical Education

Physical education is taught by teachers licensed by the Kansas State Department of Education.

The physical education curriculum is sequential and consistent with Kansas State Board of Education approved physical education teaching standards for pre-kindergarten through grade 12.

Physical Education teaches basic motor skills, enhances knowledge of concepts related to movement needed to achieve and maintain health for lifetime physical activity.

Elementary students receive 90-119 minutes of physical education per week, which includes at least 50% of the minutes engaged in moderate to vigorous physical activity.

Physical education curriculum encourages a multi-dimensional fitness assessment.

Family & Community

Community members are provided access to the district's outdoor physical activity facilities.

Integrated School Based Wellness

General Guidelines

The school wellness committee makes appropriate updates or modification to wellness policy based on assessment and an update on the progress toward meeting the State Model Wellness Policy is made available to the public, including parents, students and the community.

Annually partner with local health agencies and community organizations.

District Wellness Committee will discuss the development of a farm to school program.

Farm to school activities conducted annually in some schools.

Each semester, culturally relevant health education information is provided to families via handouts, postings on the school website, newsletters, presentations and workshops.

The local school wellness policy committee meets at least twice per year.

The following students, parents, classroom teachers, food service professionals, physical education teachers, health professionals, administrators, school board members and other interested community members are engaged in developing, implementing, monitoring, reviewing and making the district wide wellness policies available to the public:
