ACADEMIC PROGRAMS

Troy Grade School has a rich and comprehensive curriculum at each grade level. In addition to the classroom offerings, students are provided daily specials rotations that could include music, counselor, library, and physical education. Art and computer lab time is offered weekly and/or bi-weekly

Beginning in the 2023-2024 school year, we will use the Fastbridge Battery of Assessments. The Fastbridge assessment will target each child's academic strengths and areas of concern. Along with the other criteria of teacher referral, Lexia, and SRI (Scholastic Reading Inventory), students are selected to receive additional instruction to support them in meeting grade level standards.

Reading and Math Intervention is provided for grades K-5 daily. Small groups of students work on grade level reading and math skills, focusing on fluency, vocabulary, understanding concepts, and comprehension.

The board policy supports students who qualify for interventions due to the high accountability imposed on us by the state and federal governments. The district/school is held accountable by the state for all student learning needs. These programs have been implemented to support all students towards academic success in meeting state standards.

ATTENDANCE AT SCHOOL

ABSENTEEISM/TARDINESS/TRUANCY

Please notify the school if a child is going to be absent.

A student not attending school and classroom learning on a regular basis may not develop all the skills necessary to reach his or her educational potential. The benefits to the student's education from regular attendance include participation in class discussions, teacher presentations and student participation. The lack of regular school attendance by each student results in the loss of these benefits. Being on time for school is very important. At the beginning of the day, the various monies are collected, lunch count taken, lunch money collected, and when appropriate teachers collect field trip permission slips. The school day begins at 8:00 am each morning. It is understandable that unforeseen circumstances may occur that would cause a student to be late. However excessive tardiness will be addressed as follows:

- After a student has collected three tardies in a semester, the student will meet with the principal to determine a plan of correction. A notice will be mailed home to the parent or guardian.
- If a student is tardy five times during a semester, a telephone conference will be held with the student's parents and the building principal to determine further consequences.
- Should further tardies occur, students will serve a lunch detention for each tardy collected.

For a child to be recognized for **PERFECT ATTENDANCE**, he or she cannot be absent or tardy at any time during the school year.

The following guidelines will be used for counting students absent or tardy:

- 1) A student is to be counted **TARDY** if he or she arrives after 8:00 am and before 8:45 a.m.
- 2) If a student arrives after 8:45 a.m., he or she will be counted absent on an hourly basis.

The following regulations concerning attendance and absences will be used:

- 1) Any student who is absent **must** have a **WRITTEN EXCUSE** or **PHONE CALL** from a parent or guardian upon returning to school. **ALL ABSENCES will be considered unexcused until a note or phone call from a parent or guardian is received.**
- 2) A telephone call from the parents to the school office at the beginning of the day concerning the student's absence would be appreciated.
- 3) Absence from school due to illness or injury will be excused upon receipt of a written note from parent/guardians, doctor, or dentist. Upon the principal's discretion, excessive absences due to illness may require a doctor's note to be excused.
- 4) Absence from school due to medical or dental appointments will be excused upon receipt of a written note from the doctor or dentist.

- 5) Absence from school to attend a funeral or a religious event will be excused upon receipt of a written note from the student's parents/guardians **prior** to the event.
- 6) Excused absences will not be granted to students to get haircuts, shopping, or other activities that can be scheduled off school time.
- 7) Students may not miss school to work for an employer. It is understood, however, that a student may be needed at home on a rare occasion. Needed at home is generally defined as doing something for or with a parent. Consideration will be made when a student is needed to help a parent, but **ONLY** if prior arrangements are made with the office by the parents/guardians. If parents do not call ahead of time or if the student has missed an excessive number of days, the absence will **NOT** be excused.
- 8) Students missing what is determined to be an excessive number of days (10% or more) may be subject to time make up requirements. School attendance is vital to academic success. Should a student accumulate 10% or more days of absence, time make up requirements may be necessary to make up assignments missed and to support the student toward academic success.
- 9) Students with an unexcused absence – skipping a class or assembly; leaving the school grounds without permission from the office; or presenting a falsified or forged excuse – will be subject to disciplinary action. This disciplinary action may include one or more of the following: in-school suspension, detention, extra assignments, and out-of-school suspension. Excessive absences could result in the forfeit of field trips.
- 10) The office will determine if the tardy is excused or unexcused, as well as the consequences.
- 11) Work to be missed because of a school-related activity (such as for field trips, etc.) must be completed and turned in to the proper teachers in advance. Work missed because of an unexcused absence or out-of-school suspension must be made up to insure keeping up with the class BUT credit will not be given. If work is not made up, the student will be subject to further loss of credit and/or disciplinary action. (Adopted by the Board of Education, August 5, 1985)
- 12) Incentives will be considered for *Good Attendance*.
- 13) A one week notice and approval from the building principal is required when taking family trips/vacations for absences to be excused. Work must be collected and completed and turned into the classroom teacher prior to the trip to receive full credit on assignments unless other arrangements are approved by the teacher.
- 14) Five absences per semester are excused with parents' permission. After five absences a doctor, dentist, or professional note may be required for the absence to be excused. The Principal will handle such absences on a case by case basis.

The laws concerning TRUANCY are very clear. These laws define Truancy and the Truant Student as follows:

A student who has unexcused absences for three (3) consecutive school days, five (5) total days in any semester, or seven (7) total days in a year will be considered truant pursuant to K.S.A. 72-111 to 72-113. The procedures of K.S.A. 72-1113 will be followed in reporting a truant student. A truant student will be reported to the DCF as a child in need of care. A truant student will be afforded the opportunity to make up work with full credit subject to the late-work policy.

AFTER SCHOOL TIME

Students may have to remain after dismissal time for various reasons--getting additional help, completing assignments, discipline, etc. When they do, the teacher is to notify the office as well as contact the parents if possible. Bus children are not excused. If students cannot remain after school on the day assigned they may make arrangements for transportation the next day.

ANTI-BULLYING /HARASSMENT POLICY

Harassment is defined as annoying or tormenting repeatedly and persistently. USD 429 will not tolerate the harassment of others, whether the harassment is physical, sexual, verbal, or through the use of electronic devices. This section prohibits bullying on or immediately adjacent to

school grounds, at any school-sponsored activity, on school-provided transportation, or at any official school bus stop, through the use of the school's internet system while on or off campus, through the use of personal digital device on campus, or off-campus activities that cause or threaten to cause a substantial disruption at school. In any specific situation, administrators may decide that the harassment/bully behavior is severe enough to receive the harshest consequence.

Sexual harassment is defined as unwanted sexual advances. This could include touching without permission, speaking of sexual matters or using sexual language, telling sexual jokes or making comments about others' appearance or habits, or any perceived derogatory sexual comment or action. Board policy JGEC Sexual Harassment clearly prohibits such behavior and the consequences of sexual harassment.

Physical harassment is defined as touching, slapping, hitting, pinching, or attempting to do these things to another individual. The physical touches may be intended to intimidate and control another's actions.

Verbal harassment is defined as talking in a derogatory, insulting or threatening manner to another individual. The intent of this type of language may be to intimidate or control another's actions. This includes gossip used to insult or threaten another person and the use of racial slurs.

Racial and Disability harassment is defined as harassment of others based upon race, color, national origin, or disability. Derogatory references about others in this category is explicitly prohibited by Board policy JGECA Racial and Disability Harassment.

Cyber-bully and Cyber-threats is defined as creating an educational environment for any student that is intimidating, threatening, abusive, or hostile, and keeps that student from being able to participate in or benefit from a USD 429 education program or activity.

Cyber-bullying and bullying behavior on USD 429 property, in a USD 429 vehicle, at any USD 429-sponsored activity or event, and/or through the use of electronic devices whether on or off campus, are strictly prohibited.

Hazing is another form of physical harassment and means to harass by exacting unnecessary, disagreeable, or difficult tasks, or by banter, ridicule, or criticism, or to play abusive or humiliating tricks by way of initiation. Hazing is sometimes found in schools or universities as an initiation rite into special groups or sports teams. **Hazing is against Kansas law.**

Consequences for involvement in the above offenses will include:

1st offense: Depending on the severity, detention or In-school Suspension, parent contact; visit with principal and warning of more severe consequences if repeated. **Report to law enforcement if the bullying behavior is a crime.**

2nd offense: Depending on severity, In-school suspension or Short-term out-of-school suspension, parent contact; visit with principal with possible follow-up visit and warning of more severe consequences if repeated. **Report to law enforcement if the bullying behavior is a crime.**

3rd offense: Long-term out-of-school suspension, parent contact. **Report to law enforcement**

if the bullying behavior is a crime.

Sexually Explicit, Vulgar or Violent Material

Students may not possess or display, electronically or otherwise, sexually explicit, vulgar, threatening or violent material including, but not limited to, pornography or depictions of nudity, violence or explicit death or injury. This prohibition does not apply to curricular material that has been approved by district staff for its educational value.

Electronic Images and Photographs

Students and staff are prohibited from taking, storing, disseminating, transferring, viewing, or sharing of obscene, pornographic, depictions of nudity –themselves or others –lewd, threatening or otherwise illegal images or photographs, whether by electronic data transfer or other means, including but not limited to texting and emailing.

Digital Photography

School staff will discourage digital and other photos being taken in school by students, due to privacy concerns. Students and staff should not participate in being photographed at school unless the photographs are for an official or authorized publication. Students and staff who choose to ignore this guidance could face legal or disciplinary consequences.

AWARDS

Various awards will be presented to the students during the school year. They may be:

- 1) Perfect Attendance Awards will be awarded to all students who have not been absent nor tardy throughout the school term.
- 2) Good Attendance Awards will be awarded to all students who have been absent two (2) days or less, **or** tardy only two (2) or less times during the school year.

CELL PHONES AND OTHER DEVICES

Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take unwanted photographs, cheat, or otherwise violate student conduct rules is prohibited. Unless otherwise banned under this policy or by the building principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

1st Offense- Students using one of the above devices without authorization will have it confiscated and may pick it up from the principal at the end of the school day.

2nd Offense- Students will have it confiscated and kept with the building principal until the parents can make an arrangement to pick it up from the building principal.

3rd Offense- Students will have it confiscated and be subject to discipline up to and including in school suspension.

COMPUTER/E-MAIL

Students shall have no expectation of privacy when using district e-mail or computer systems. E-mail messages shall be used for approved educational purposes. Students must use appropriate language in all messages. Students are expected to use the system following guidelines approved by teachers or the administration.

Disregard of Rules

Individuals who refuse to sign required acceptable use documents or who violate District rules governing the use of District technology shall be subject to loss or restriction of the privilege of using equipment, software, information access systems, or other computing and telecommunications technologies. Employees and students shall be subject to disciplinary action, up to and including termination (employees) and expulsion (students) for violating this policy and acceptable use rules and regulations established by the school or District.

Responsibility for Damages

Individuals shall reimburse the Board for repair or replacement of District property lost, stolen, damaged, or vandalized while under their care. Students or staff members who deface a District web site or otherwise make unauthorized changes to a web site shall be subject to disciplinary action, up to and including expulsion and termination, as appropriate.

School delays or early dismissals are a board approved method of continuing with school when possible.

EMERGENCY SAFETY INTERVENTION

The board of education is committed to limiting the use of Emergency Safety Interventions (ESI), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student's conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school's code of conduct, school safety plan, or student handbook.

Definitions (See K.A.R. 91-42-1)

“Emergency Safety Intervention” is the use of seclusion or physical restraint.

“Seclusion” means placement of a student in a location where all of the following conditions are met: (1) the student is placed in an enclosed area by school personnel; (2) the student is purposefully isolated from adults and peers; and (3) the student is prevented from leaving, or reasonably believes that the student will be prevented from leaving the enclosed area.

“Chemical Restraint” means the use of medication to control a student’s violent physical behavior or restrict a student’s freedom of movement.

“Mechanical Restraint” means any device or object used to limit a student’s movement.

“Parent” means: (1) a natural parent; (2) an adoptive parent; (3) a person acting as a parent as defined by K.S.A. 72-1046(d) (2), and amendments thereto; (4) a legal guardian; (5) an education advocate with an exceptionality; or (7) a student who has reached the age of majority or is an emancipated minor.

“Physical Restraint” means bodily force used to substantially limit a student’s movement, except that consensual, solicited or unintentional contact and contact to provide comfort, assistance or instruction shall not be deemed physical restraint.

“Physical Escort” means the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is action out for the purpose of inducing the student to walk to a safe location.

“Time-out” means a behavioral intervention in which a student is temporarily removed from a learning activity without being confined.

Prohibited Types of Restraint

All staff members are prohibited from engaging in the following actions with all students: Using face-down (prone) physical restraint; Using face-up (supine) physical restraint; Using physical restraint that obstructs the student’s airway; Using physical restraint that impacts a student’s primary mode of communication; Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and use of mechanical restraint, except: Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional; any device used by law enforcement officers to carry out law enforcement duties; or seatbelts and other safety equipment used to secure students during transportation.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to affect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

Seclusion Restrictions

A student shall not be subjected to seclusion if the student is known to have a medical condition that could put the student in mental or physical danger as a result of seclusion. The existence of such medical condition must be indicated in a written statement from the student’s licensed health care provider, a copy of which has been provided to the school and placed in the student’s file.

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times. All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student and shall be well-ventilated and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on the use of emergency safety interventions. The intensity of the training provided will depend upon the employee’s position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than classified staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position. Each school building shall maintain documentation regarding the training that was provided and a list of participants.

Notification and Documentation

The principal or designee shall notify the parent, or if a parent cannot be notified then shall notify an emergency contact person for such student, the same day the ESI was used. Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day on which the ESI was used. The parent shall be provided the following information after the first and each subsequent incident in which an ESI is used during the school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and, once it has been developed, the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights of Kansas. Upon the first occurrence of an incident involving the use of emergency safety interventions, the foregoing information shall be provided in printed form and upon the occurrence of a second or subsequent incident shall be provided through a full website address containing such information.

In addition, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following: Date and time of the intervention, type of intervention, length of time the intervention was used, and school personnel who participated in or supervised the intervention. All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Three (3) Incidents of ESI for Same Student

If a student with an IEP or a Section 504 plan has three incidents of ESI in a school year, then such student's IEP team or Section 504 team shall meet within ten (10) days following the third incident to discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan or amend the behavior intervention plan if already in existence, unless the IEP team or Section 504 team has agreed on a different process.

If a student without an IEP or Section 504 plan has three incidents of ESI in a school year, then the school staff and the parent shall meet within ten (10) days following the third incident to discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need to a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings after a third ESI incident shall be invited to attend the meeting. The time for calling such a meeting may be extended beyond the 10 – day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student who has not had three ESI incidents in a school year.

Local Dispute Resolution Process

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and / or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the ESI.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation

to maintain confidentiality of student records and shall report the findings and recommended action to the board in executive session.

Any such investigation must be completed within thirty (30) days of the receipt of the formal written complaint by the board clerk or superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt a report containing written findings of fact and, if necessary, appropriate corrective action. A copy of the written policy adopted by the board shall be provided to the parents, the school, and the state department of education. Once such a procedure has been developed, a parent may file a complaint under the state board of education complaint process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

END OF THE YEAR MEAL ACCOUNT BALANCES

Unless a student withdraws from Troy Elementary School at the end of the school year, meal accounts with a credit amount will be rolled over to next year. If you have questions concerning this, please contact the Troy Elementary Office at (785) 985-3538.

INSURANCE

Accident insurance coverage will be available on an optional basis to all students. An application will be provided at enrollment time if you are interested in this service. You may select the type of coverage that you desire and send the application and payment to the insurance company.

The school district does provide a catastrophic student accident insurance that begins at \$25,000 of expenses. The district does not provide any other supplemental student accident insurance. Parents are responsible for the costs of accidents and injuries if the school has taken acceptable precautions for the safety of students.

LEAVING THE SCHOOL GROUNDS

No student is to leave the school grounds after arriving without special permission from the office.

Any student who must leave prior to dismissal time is to stop by the office and get a **PERMIT TO LEAVE** signed by the party taking him/her. If a child is going to the dentist, doctor, etc., please send a note to the homeroom teacher.

LIBRARY BOOK REPLACEMENT

Students will be expected to pay the expenses for replacing damaged or lost library books. If the book is no longer available, the librarian will establish a fair replacement price, so another book of comparable value/quality can be purchased and placed in the library. The expenses would include the cost of the book at the current market price plus shipping and handling expenses.

WHEN TO STAY HOME FROM SCHOOL

- Any time a student has a fever of 100.4 or greater and then must be fever free for 24 hours.
- If a student is vomiting, they need to be free from this illness for 24 hours.
- Students diagnosed by a doctor with any contagious rash, infection, and or disease, will need to stay home until he or she has been under treatment and fever free with a physician's note to return to school.
- You will be notified to pick up your child if he or she develops a fever or any illness the school nurse or secretary feels necessary to send your child home from school.

HEAD LICE POLICY

No student with live head lice or nits will be allowed to stay at school. Students must be treated with head lice shampoo or medication prior to returning to school and be lice and nit free. The school nurse or secretary will check students returning to clear for school entry and for several weeks thereafter.

STUDENTS WITH HEALTH CONDITION/FOOD ALLERGIES

Parents need to talk to the school nurse to set up a health care plan with the nurse and teacher to help appropriately care for your child. Enrollment is a good time for this process. Paperwork will also be given out and will need to be reviewed by your child's physician.

ADMINISTRATION OF MEDICATION

USD 429 realizes that some children, at certain times, will need to take medication during the regular and extended school day. The following policy will be adhered to whenever parents request that their children take any type of medication:

- 1) Written permission from the physician or dentist should accompany all prescription medication to be administered. A valid prescription container may be accepted as authorization (until *written* permission is received) provided it identifies the student, medication, dosage, time of day to be given, prescriber's name and date prescribed.
- 2) A written request from the parent/guardian for administration of the medication should accompany all medication. A form is available from the school.
- 3) The parent request/liability release form should identify the student, date permission given, and parent signature.
- 4) All medication must be sent in its original container. For prescription medication, two containers, one for home and one for school, should be requested from the pharmacist.
- 5) Only oral, topical medications, inhalers, or nebulizers will be administered except in emergency or anticipated health crisis situations.
- 6) The school nurse will be responsible for the overall administration of all medication in school. The Supervising RN may delegate the administration of medication to an unlicensed staff member using nurse practice act standards.
- 7) An individual record will be kept of each medication administered. The record will include student identification, physician prescribing medication, date prescribed, name of medication, time to be given at school, anticipated number of days to be given, possible side effects, signature of person administering, log of medication given and a section for comments.

- 8) Any changes in type of medication, dosage, and/or time of administration must be accompanied by new physician and parent permission signatures, and a newly labeled pharmacy container.
- 9) With limited exceptions, medication maintained in the school setting will be kept in a locked container, including medication requiring refrigeration. Exceptions may include an inhaler or diabetic supplies carried by a student with physician authorization on file.
- 10) Medications will be inventoried at least every semester by a licensed health professional. Out-of-date stock should be picked up by a parent or destroyed. Needles and syringes will be sealed in a puncture proof container and properly disposed of.
- 11) Non-prescription (over-the-counter) medication will be administered only when provided in the original container and accompanied by written permission from parent/guardian.

No prescription or non-prescription medication will be maintained outside the locked storage area on the school premises, including athletic areas, unless a plan for the maintenance or administration of medications in that area has been reviewed and approved by the school nurse.

PARENTAL COMMUNICATION WITH STAFF / SOCIAL MEDIA

Parental communication with school staff is a very important way to promote an effective education. Parents who may have questions or concerns about classroom matters are encouraged to contact the classroom teacher first, either in person, by telephone, or by school district email preferably during the school work day. After this contact has been made the parent may contact the building principal for additional questions or concerns.

Discussion of school and classroom issues on social media is discouraged as the most effective way to solve issues or problems is with direct and personal communication with school personnel. Social media discussions sometimes include persons who are not directly involved in the school matter without a legal right to the information.

PARENT-TEACHER CONFERENCES

Parent-teacher conferences are scheduled once in the fall and once in the spring. We have excellent support for our conferences. They are very informative and beneficial for both parents and teachers. Anytime you feel a conference would be helpful, please do not hesitate to ask that one be scheduled. Simply notify the teacher or call the school office and a time will be arranged.

PARENTS ON-LINE

Infinite Campus (2018) allows students and parents to check their grades, attendance and behavior reports by way of the Internet. This service can be accessed through the Troy Schools website. www.troyusd.org. Please contact the building secretaries if you have trouble accessing your children's account.

**** The principal may move to a more severe consequence if the infraction is of a very serious nature.**

The parents/students have the right to appeal a decision. They must proceed through the proper channels--meeting with the building principal, the district superintendent, and the board of education.

Infractions may include but will not be limited to include: refusing to obey the driver; rude, discourteous, and annoying conduct; failure to remain seated; fighting, pushing, kicking, tripping; spitting, littering; chewing/smoking tobacco products; destruction of property; throwing objects IN or OUT of the bus; being outside of the windows; bringing articles aboard the bus of injurious or objectionable nature.

SCHOOL ACTIVITIES

Students riding the bus to any school activity (such as a field trip) **MUST** ride the bus back to the school, unless the teacher in charge is in possession of a note from that student's parent stating that the student will be riding home **WITH THE PARENT**. No exceptions will be made! (These procedures became effective on January 16, 1996)

SCHOOL DAY

A school day is as follows: Grades K – 5 (8:00 a.m. – 3:25 p.m.)

Students should not arrive prior to 7:30 a.m. if they do not ride the bus or do not eat breakfast.

Depending on the weather, students arriving prior to 7:45 a.m. will be required to report to the gymnasium or remain outside. This decision will be made by the Building Principal or his/her designee.

SCHOOL DISCIPLINE

Teachers are expected to maintain good discipline at all times. Teachers are not to leave their classrooms unsupervised unless an emergency occurs. Good discipline comes from using good teaching methods and techniques.

If disciplinary action is necessary, it should be firm, fair, dignified, and carried out in good temper.

Each teacher should attempt to handle his/her own problems. If this cannot be accomplished, then the situation should be referred to the building principal.

OUT OF SCHOOL SUSPENSION - The administrative head of each attendance center shall have the power to suspend when such action is necessary. School suspension may be for 1 - 10 days. Reasons for suspension are:

- 1) Swearing and using obscene language
- 2) Showing disrespect towards a teacher or other employee
- 3) Refusing to obey a reasonable request
- 4) Fighting on school property

- 5) Destruction of school property or property of others
- 6) Use of intoxicating liquids or drugs at school or at school-sponsored activities
- 7) Smoking, chewing, or spitting tobacco on school premises or on buses
- 8) Refusing to obey stated district policies
- 9) Threats of violence (verbal or written)
- 10) Assault of another student or employee

This is not an all inclusive list

For reinstatement to school after a suspension, parents must accompany the student to school. The second suspension may result in expulsion from school, and reinstatement would be subject to board of education hearing. The school will follow the letter of the law in dealing with suspensions and expulsions (Kansas School Law 72-8902).

IN-SCHOOL SUSPENSION – ISS will be used when appropriate. The student will remain in school but will NOT be permitted to participate in classroom activities. He or she will be under the supervision of the principal and/or designated school personnel (example: teacher). He or she must meet all the necessary requirements of the teachers and principal before being reinstated in the classes. The in-school suspension period may be from 1 to 5 days. After a 5-day in-school suspension is assigned and served, the next infraction may require stricter measures including out-of-school suspension. Participation in Movie Day, Fun Day, and or field trips can also be affected by a student’s behavior.

STUDENT HOMEROOM ASSIGNMENTS

At the close of each school year, the building principal will request the teachers compile a roster of students for each grade for the following school year. Suggested criteria to be considered is as follows: A heterogeneous grouping (academic, social, emotional, a balance of boys and girls, etc.)

The board of education will support this policy if the following stipulations are considered:

- 1) The parents may request homeroom assignments **IF** their child is being retained.
- 2) The parents may request homeroom assignments **IF** special circumstances are present: (EXAMPLES: Two children from the same family in the same grade--example, twins; or two children in the same grade due to retention, etc.)
- 3) A different homeroom assignment will be considered if the building principal feels the potential exists for a teacher/parent/pupil conflict.
- 4) The **Building Principal** is responsible for making the **final decision** in determining the student assignments for each classroom.

The above-mentioned requests must be presented to the building principal in WRITING prior to May 1 of each year. (Adopted by the board of education April 9, 1990)

TREATS

During the school year, treats are shared by students to celebrate **BIRTHDAYS**. For the health and safety of all students, it is strongly recommended that treats brought to school with the intent of sharing with other students be purchased at a store, commercially packaged and individually wrapped. The following are suggested items for treats: juice boxes, cans of pop, individually wrapped candy or snack cakes, ice cream cups, ice cream sandwiches, ice cream pops, etc.

The practice suggested above is due to an increased awareness of and problems associated with food allergies and food-borne illnesses. Please ask if you do not know. Some TGS students do have serious food allergies.

Birthday treats should be sent with students or left at the office to be passed out at the teachers' discretion.

TOBACCO PRODUCTS AND ELECTRONIC CIGARETTES

The use of tobacco products in any form and/or electronic cigarettes is prohibited in any school building owned or operated by the district and in school vehicles. (Any use of tobacco products or electronic cigarettes on district property shall be only in areas designated for such purpose.)

VISITORS POLICY

As the result of past events, the Troy USD 429 Administration and Board of Education decided it was necessary to review and update the district policies concerning visitors to our buildings. The USD 429 Board of Education approved the following policy updates concerning visitors to the buildings:

- (I) Adults - Teachers are encouraged to invite parents, guardians, and patrons to visit the classroom for special occasions where having the visitor(s) in the classroom contributes to the learning process. All classroom visitors, with the exception of parents and grandparents, must submit a request and receive approval from the building principal at least two (2) days in advance. Each building office will compile a daily list of all lunchroom visitors. All visitors will be required to report to and sign in at the building or district offices.
- (II) Students – To ensure that instruction is not interrupted, children not enrolled in the USD 429 school system may not attend school as visitors except for lunch.

ALL building or district office visitors must check in with office personnel and sign the Visitors Register. This includes parents, guardians and all other visitors.

In order to accomplish these policy changes, we ask that you use the main entrances to the building or district offices. We ask that you support these changes and work with us as we put them in place.

The purpose of these policies is to further ensure the safety of your children while they are at school.

WEAPONS

A student shall not knowingly possess, handle or transmit any object that can reasonably be considered a weapon at school, on school property or at a school-sponsored event. This shall include any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon.

According to state law, the suspension required for possession of certain types of weapons is 186 days not a calendar year. Board policy JCDBB Weapons contains detailed information on the law, procedures, and disciplinary consequences.

Unless otherwise specified in this policy, the possession, use, sale, distribution, and/or being under the influence of illicit drugs, controlled substances, and/or alcohol by students at school, on or in school property, or at school sponsored activities or events is prohibited.
